Upstate New York's

Tourism
trail

SOMETHING FOR EVERYONE!

WHAT COULD BE hotter than a live glassblowing demonstration at the Corning Museum of Glass? Or cooler than an underground tour through Howe Caverns, an ancient world that's *always* 52°?

Welcome to the **Tourism Trail**: seven of upstate New York's most fascinating year round destinations.

We've got the big stuff, like the amazing mastodon skeleton on display at the Museum of the Earth. And don't miss the tiny 3-wheeled Knox automobile that was able to travel 180 miles on 6 gallons of gas at the Northeast Classic Car Museum.

If you're after something old, be sure to spend some time at the National Baseball Hall of Fame to learn the history of the game. Or visit the Rockwell Museum of Western Art for a glimpse into America's past.

And with soccer all the rage across the US, the National Soccer Hall of Fame is a must-see, with up-to-the-minute exhibits on this great game in America.

Let New York's Tourism Trail be your road map for adventure and discovery. Come visit and shift your vacation into high gear!
